SHERIFF’S REPORT

Sgt. Mike Shock asked the council if there was anything he should report back to the department. S. Rohrs stated there is a go-kart that is speeding around side streets. D. Weaner said that he had seen the go-kart in question near the Sausman/Roland curve driving on the road speedily where it could hardly be seen and could easily cause an accident.

ZONING

Two zoning permits were filed this past month. The first, at 428 N Harrison St, is to put in a 12’x24’ shed. The second, at 100 S Rock St, is for a six-foot fence around the back yard.

The zoning permit itself has been updated to include a section for demolition of a sidewalk.

ADMINSTRATOR’S REPORT

LAND/BUILDINGS

S. Ramey said that she is still waiting to hear when Leever Glass will be available to do their work on the front of the Village Hall.

October 15, 2025

The lights still have not been installed on the Welcome to Sherwood signs.

The pipe at the Retention Pond will be sewer jetted soon. Northwest Septic is just waiting for the beans to be taken off in case they need more room to work. They will be jetting another of the village's catch basins that is not draining well.

The broken tiles have been replaced near Fountain St.

The window vinyl for the library will cost \$986 for full color for all four windows and includes installation. The Kuhn's said that the village could use their scissor lift instead of the village's bucket truck because it will be safer.

PARKS

Moats Park

Arrows to indicate traffic direction have been painted in the Moats Park parking lot. Some of the parking bunkers will need to be replaced because they are crumbling.

Perry Excavating has started their work on the ball fields and Levi Kuhn is tearing out the old dugouts. The concrete costs will be around \$16,000 and donations toward that are being sought.

Memorial Park

S. Ramey stated the village has received a quote to lay a thin layer of concrete that bricks could be inlaid into. This work will not be done until next year so there is time for the council to think about the cost of the different options.

The lights that were installed are having some issues and burning out. The lights at the Gazebo were added and the colors can be changed for the holidays.

The fish food dispenser has been delivered. The signs will need to be ordered as well as security cameras installed.

WATER & SEWER

Utility Bills

There were nineteen shut-off notices delivered, and one was shut off and turned back on.

The bulk water that was purchased by the Mark Center Solar Project has been paid for. They sent a check for \$2500 for twenty-five truckloads of 4,000 gallons of water each.

The hydrants were flushed. Some have issues that will need to be addressed.

In regard to copper and lead water testing, the village will be applying for triannual testing. Systems need to meet requirements to be reduced from annual to triannual monitoring. The village would then need to apply to qualify after each sampling year.

The two meter pits that were removed during the US 127 construction because of their placement have been reinstalled.

MISCELLANEOUS

The Ohio Auditor of State is mandating a new cyber security program. S. Ramey told the council that she asked Mark Weaner for his assistance on the matter because he has past experience with this from his previous jobs.

The Fairview Yearbook came into the office and asked if the village would like to buy an ad. Last year the council approved the purchase of a half-page ad for \$110. The council said that they would like to purchase a half-page ad again this year.

The Electric Aggregation supplier will continue to be Dynegy. The rate will be \$0.00899, and the one-year contract starts in December 2025. Opt-outs instructions will be going out to qualifying residents at the end of October.

Due to some issues directing traffic, a decision was made to purchase two-way radios for village employees’ use.

UPCOMING EVENTS

S. Ramey informed the council that she would be out of the office during the last week of October returning to work on the first Monday of November.

The office will also be closed on Friday November 28th for Thanksgiving.

The food pantry will be on Wednesday November 19th from 8am to 10am.

Trick or treating will be on Sunday October 26th from 3pm to 4:30pm.

The VFW is hosting their Pancake and Sausage Supper on Saturday November 1st from 4pm to 7pm. The proceeds from the event will go to Central Shares.

M. Sudholtz asked if there were any nuisance letters sent out. And if it was legal to have wrecked vehicles sitting on a trailer at a residence. J. Hurting suggested the council create an ordinance that on-street parking should not be allowed for trailers, car haulers, campers, RVs, or anything that is not self-propelled because it causes issues when they treat them as permanent parking spots.

Fire and EMS Report

Chief Darrel Rock joined the meeting at 6:25pm. He told the council that he had a couple of applications for approval and that there was great training the previous evening that Mercy Health put on for Sherwood and a couple of other departments. There have been 214 runs so far for the year. Chief Rock told the council that he contacted another company regarding the plumbing in the truck. They will be down in the next week or two to give their estimate. He said he spoke with a couple other departments about them, and they said they did great work considerably cheaper.
